

The world's favourite lock

Yale®

Pushlock for windows

The Pushlock is a secure locking window bolt for deadlocking timber or uPVC awning, casement, sliding or double hung windows. The strongly constructed lock body provides maximum strength for any window that requires more security.

Features

- 8mm diameter bolt provides real security
- Reversible bolt to allow cylinder to be located on the left or the right of the lock body to suit application
- Concealed fixing for security and style
- Easy to install
- Stainless steel ferrule for added security
- Can be keyed alike to other ASSA ABLOY CYL4™ locks for one key convenience
- New Zealand made

Options

- Available in a range of colours to complement any window design and finish
