

## Lock keying options

- ◆ All locks with internal & external cylinders are factory keyed alike.
- ◆ The keying option selected applies to each lock item ordered only.
- ◆ Not all lock keying options below are available for all locks in catalogue.
- ◆ Please note re-keying of locks to sample or key number is for C4 key profile only commonly used on the following products - Lockwood, Whitco, Interlock, Securicraft, Yale, Ezset, Carbine & Brava.
- ◆ Please contact Joinery Hardware if all locks on one order require the same key, depending on locks chosen the

• **Random - No keying option required** - *This option is free of charge.*

• **Key to differ - I require multiple locks all with different keys** - *This option is free of charge.*

• **Key alike no extra keys** - *I require multiple locks keyed alike but only two keys in total ASAP,*

*Example: If 6 locks are ordered, 5 locks will be re-keyed the same as 1 randomly chosen lock, no extra keys will be supplied with the 5 re-keyed locks. Re keying is by Joinery Hardware with a lead time of 1 - 2 days*

• **\* Key alike \*** - *I require multiple locks all with the same key including 2 keys per lock - This option is free of charge however the lead time can vary from 1 - 5 days*

• **\* Key alike - Assa Abloy \*** - *I require multiple locks all with the same key including 2 keys per lock - This option is free of charge with a lead time of approximately 5 working days*

• **Key alike - 2 Keys** - *I require multiple locks all with the same key including 2 keys per lock - 1 day lead time*

• **\* Key to sample or key number \*** - *Key this lock to sample or key number, 2 keys supplied*

*NB: Enter your required key number into the text box below, or if keying to sample please mail or courier key to:  
Joinery Hardware - 9/41 Smales Rd, East Tamaki, Auckland 2013.*

• **Key to SKU number of other lock on order - no extra keys** - *Key this lock the same as another lock on my order, no extra keys*
